

BURNABY EDMONDS & UNITED WAY

Description

The UCI was excited to join an incredible group of community leaders in the Edmonds Neighbourhood of Burnaby to talk about union cooperatives this week!

Edmonds is one of four town centres in the Southeast corner Burnaby. It is one of the most diverse neighbourhoods in Canada with hundreds of languages spoken in homes and in the community.

The **Hi Neighbour Initiative of the United Way BC** is a catalyst for community connection with neighbourhood projects across the Lower Mainland. Weâ€™re excited to be working with Mary and George and the rest of the United Way team on some big new projects for the Edmonds neighbourhood in the Spring. 🌻❤️🏘️
